Glenn Holmes

October 21, 1930-July 3, 1987

Under the guidance and direction of Glenn Holmes, The Glenwood School was founded in 1981 by a group of dedicated parents, staff, trustees, and friends. Her tragic death on July 3, 1987, which was caused by a drunken driver, aroused the indignation and anger of the Dallas Community. It seems almost impossible that one whose life had been such a positive influence on literally hundreds should meet death in such a violent way.

Glenn was dedicated to making this a better world for children. It was this mission that gave her the courage and stamina to undertake the founding of an independent, private, non-profit school.

"The Glenwood Difference" espouses a philosophy that, while backed by volumes of research, is not in general use in schools across the country. In addition to a soundly based instructional program, the school was dedicated to making its environment a warm, loving, caring place for children and staff. It has become a place where healthy self-confidence and the development of a positive self-concept, through successful experiences, are fostered along with academic excellence.

The students and activities in this yearbook represent the fulfillment of Glenn Holmes' vision. We proudly dedicate this yearbook to her memory.

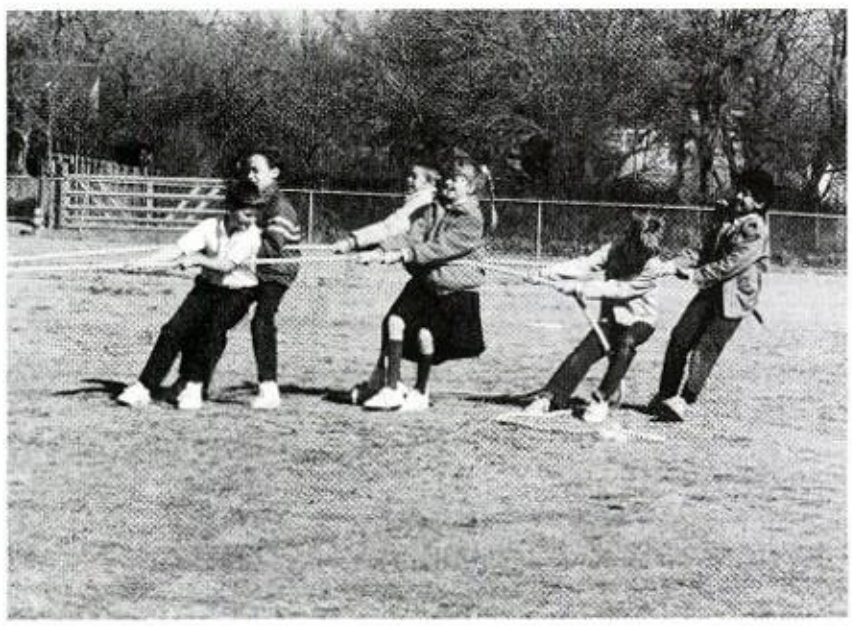
SPELLING BEE

A traditional highlight of the year for Unit III is the annual spelling bee. This year Amy Pita emerged as winner, with Annie Drabicky as the runner-up.
Who will it be? The tension mounts as Mrs. Hunter calls out words for the final four spellers.



Unit III has many enrichment activities including French, music, art, and physical education. In this activity, p.e. students are participating in a difficult game of tug-of-war.

B-BALL

Each year The Glenwood Parents' Association sponsors a fund- raising auction. With the theme Heart-to-Heart, parents and teachers got together this year for food, dancing and bidding at the Harvey Hotel. A favorite item for auction each year is The Glenwood Quilt, handmade by Glenwood art classes under the supervision of Mrs. Lesley McWilliams.

October 21st was the first Glenwood Founder's Day. Delicious cakes, blue and green ribbons, posters and badges were found all around Glenwood's lower school, as Lisa Wilson, our Curriculum Specialist, visited each Unit to discuss the significant elements of Glenwood's history.

In Units IV, V, and IV, Founder's Day was celebrated with a first "Founder's Day Address." This was delivered by Dan Hagood, Chief Prosecuter for the Dallas District Attorney's office. The morning was topped off with the establishment of a S.A.D.D. (Students Against Drunk Drivers) Chapter. Along with the opening of the chapter, a colorful balloon release was held. The balloons held the name of each student driver for this year.

Yearbook 12, Student Council 12, Dallas Junior Opera Guild 12, Latin Club 12, Dance Company 9, 10

The two years I have spent at The Glenwood School have been, to say the least, wonderful. At Glenwood I have learned so many things. Not only have I learned the basic skills in education, but I have also learned the great importance of friendship and companionship with one's teachers and classmates. Now that I am leaving Glenwood I must give credit where credit is due.

When I first saw The Glenwood School campus I was skeptical. Then I met Mrs. Holmes and Dr. Hood-Hanchey at my interview. They both made me feel so comfortable and welcome that I knew I belonged at Glenwood.

When the first day of school came along I felt a little awkward. I knew a few people, but one still feels uncomfortable on the first day at a new school. I did adjust though. By the end of the week, I felt like I had been a student at Glenwood since I was in kindergarten. All of the students and teachers made me feel at home and very normal.

I sincerely want to thank all of my teachers for the best two years. They are warm loving people and they love what they do which is giving the students at Glenwood the best education possible and giving them all of the attention they need. Although my instructors were very important to my education at Glenwood, the staff and other faculty members must not be forgotten because without them the Glenwood family would be incomplete.

With the recent death of our founding director Mrs. Holmes, I must personally thank Dr. Brownlee for the beautiful job she has done taking on all the responsibilities of director of The Glenwood School. I find Dr. Brownlee to be the most kind and loving person that I know. She has made my last year at Glenwood much more than delightful. I wish her continued success and good health as she does her best to carry on the dreams of our beloved Mrs. Holmes.

Last but of course not least, I wish to thank my parents and family. They have given me much support through my entire education. As I go on to college, I know I can count on continued encouragement and support from my parents and family. I know that they will always believe in me no matter what I do and I owe it to them to always do my best.

Wow! Glenwood . . . what an experience!!!

What can you say about a school like this? Teachers and staff that care so much that, if given the chance, they would come to your house pull you out of bed and dress you if they thought you were sleeping instead of learning. Oh boy, what fun it was hiding from ya'll. I'm only kidding, my absences were all excused — ask Ms. McCardle.

And to the friends that I found and the ones I've had for awhile, like Herb, Bryan, Karen, Steve, Susan, Sabrina, Greg, James, Kristi, Kandi, Johnny (Mr. Foley), Rob, Melissa, Matt (whitey), and even Julie. I've never said this before and never will again, but ya'll are great.

Coach Miller — I had a great time on the soccer team and in Consume Soccer (Math).

Mrs. Andrews — I loved working on the yearbook. I'm sure that if I wasn't in that class, no one would be able to read this right now.

Mr. Smith — It's so obvious that you want everyone to think you're weird, but I'm gonna rebel and say, "you are normal."

Mr. Martin — You're a great teacher and that's why I want to apologize for being in the same room with Steve when he called and woke you up in Hillsboro.

Mr. Brigham — I'll never use hairspray again. Sorry about the ozone layer.

Ms. McCardle — I love you (I'm just saying that to brighten your day). Thanks for getting involved and caring so much. Even if you didn't, thanks for acting like it.

Also I wanted to say thanks to my parents and let them know they are special!!!

Well, this is getting too sentimental for me. I just want to get out of school and tell everybody thanks. It's been real!!

Thanks,
Kenneth

To my family and friends,

I want to thank my parents for all the support while I have been in school. If it were not for them who knows where I would be. I also want to thank all my friends for being there for me when I needed them. Sabrina, you are a great friend and I have enjoyed listening to your problems and I am glad I could always tell you mine. You are a good listener! Mark, if it also weren't for you I may not have made it through this year — you are a terrific brother — I love you. Johnny, we have been through a lot together and I am thankful that you have stood by me in everything. Thank you!! Randall, thanks for the back rubs during English class. I am sure Mr. Martin enjoyed listening to us chat and laugh. Thanks again Mom and Dad. I love you both.

Also, to my teachers Mr. Yarbough, Dr. Shull, Ms. DeLavan, Mr. Martin, Mr. Brigham, and Mr. Smith thanks for all the support!!!

As my senior year comes to a close, I just wanted to say thanks to some very special people in my life. First, I wanted to say thanks to Allison Hopkins. I have learned so much about people and life that nobody else could have ever taught me. Even though we have had our arguments, we have had some great times! Secondly, I wanted to say thanks to Allison Horres. We have grown up a lot and been through a lot together since the first grade. As we both leave next year for college, what I am going to miss more than anything is you living right up the street. Finally, I wanted to say thanks for everything to my family. Henry, you have been the best brother, as well as a great friend. Thanks for all of your advice! It couldn't have come from a better person. Mom and Dad, you both have given me so much, all the opportunities in the world. Also, both of you have given the support I needed through the good and bad times. I just wanted to say thanks Allison, Allison, Henry, Mom, and Dad!! Thanks for all the love and support through all the years. I couldn't have made it without you guys!!

It was only yesterday when I was a freshman imagining I had a hundred years to go before graduation. Now, a hundred years later, what is the meaning of graduation?

Graduation, a moment when the well-educated people receive their diplomas and forget all learnings before the night is over. From that day on the graduates only seem to remember enough to say, "high school, it was so long ago I do not remember!" Because of graduates' short term memories, I would like to leave some memories for everyone involved in my senior year.

1. To Mrs. McCarty I leave three years of questions
2. To Dr. Shull I leave the phrase "I don't understand!"
3. To Mr. Martin I leave my absences from class
4. To Mr. Murdock I leave an intellectual story
5. To Mr. Brigham I leave a hug
6. To Mr. Lowen I leave "Where were you those three years of my history classes?"
7. To Ms. DeLavan I leave an empty journal
8. To the doctors I leave, "DOCTOR"

To whom it may concern,

Having survived four years of high school and two years of Glenwood, I resolve to leave a few goods to my mentors: to Mr. Smith I leave my draft notice and a six pack; to Coach Martin I leave my one half inch track spikes and an unused Lit. book; to Dr. Shull I leave some window blinds; to Mr. Brigham I leave a blowup doll of myself so that he may still get me in trouble next year; to Ms. DeLavan I leave one free ticket to see Fairhill play next year; to Mrs. McCarty I leave some patience and $1.00; to Mr. Miller I leave my permission for myself to ride on the bus to Waco; and finally, to my coach, David Lowen I leave two pairs of soiled Converse, a torn up score book, and my beat up basketball.

Now, to my student buddies I shall leave a few more farewell memories: to Randall I leave a comb and my best wishes for graduation in a few years; to Herbie I leave a $1000; to Steve I leave nothing; to Trevor I leave some sense; to Kevin, my manager, I leave some season tickets for my college games, as well as, Pro and thanks for putting up with me; to Rob I leave a new Scout; to Julie I leave my body; to Allison I leave my phone number; to Michelle I leave my love; to Kim I leave Mike; to Mike I leave a new car, a street sign, a 2.4 average for next basketball season, and a window to get in the backyard.

Well, to everyone who went unmentioned I'm sorry, but I do leave you with one thing: remember I love you and if you ever need anything I'll be available, I guess!

To my family and friends —

I'd like to thank my mom, dad, grandma, grandpa, and I would also like to thank my dog, Fluffer. If it wasn't for Fluffer — I would have an "A" in English — so thank you Fluffer. I want to thank my friends for supporting me through school and helping me out with my problems. Bryan — don't ever forget — "Two Black Eyes." I'm so glad I came to Glenwood — it was good for me. To my third period humanities class — I leave my good behavior to Mr. Smith — you'll need it next year. To my sixth period English class — I thank Mr. Martin for helping me learn and comprehend English skills. I love you mom and dad, and Fluffer — Thanks!!

I, Jill Marie Ewing, want to thank all the teachers for helping me through school. I especially want to thank Mr. Brigham for teaching me how to take notes in Biology, Marine Science, and Envi. Science. I have really enjoyed his classes the most!

For the juniors next year I wish all the luck you have or need. To the rest of The Glenwood School I would gladly leave behind the famous "Glenwood mud!" It will be remembered forever! For all my friends I leave friendship for life and life to come!

I am glad I came to this school. If I had not, I probably would not have made it to college! I am truly ready for the future!

When I came to Glenwood I was amazed how friendly and nice everyone was to me. I just want to say thanks to all my teachers especially Dr. Shull for being so dedicated and caring.
Memories:

The goofy foursome on the Marine Biology trip. When Mike, Angie, Marc, and I were in the back of the bus and at the beach at night.

The tennis tournament in Waco with water guns, three hours in the hot sun with Susan, and Mr. Boyer saying, "I don't think this is the room you're supposed to be sleeping in!"

I want to thank all my friends who I will always love and care for.
To Kim for making those trips to A&M wild and fun.
To Angie, Heather, and Darren for always being there for me and letting me be there for them.
To Jeff and John my forever Jello Buddies.
To Kevin fond memories and cherished dreams.
To Angela for just being a dear friend unconditionally.
To Mom and Dad for being my parents and my best friends.
Thank you all!!!

To every poor suffering high schooler that has more sentence to serve in high school, a word from a senior. I pronounce this in total earnest; although it may sound like a joke now, you will see how true it is. You make jokes about school and that is fine, but the truth is that any school is what you put into it and the same with your education and for that fact anything.

To all the seniors of 88, GOOD LUCK! God knows we will all need it at one time or another. As for me, I'll be in Cozumel diving (I wish). Really, I will be in some huge college or university working my off. And in the long run it will be worth all the sweat, pain, and misery I will have gone through; I'm sure. I would also like to add thanks to my family, and my teachers.

Lend an ear to me, I know.

To my family,

I want to thank several people for showing me the meaning of love and giving me happiness as well as guidance and the power to reach for the stars, also for . . .

Giving me confidence and support in everything I do. I have made mistakes at times, but I have gone on and suffered the consequences.

Now I hold my head up high and have learned to be a leader, having my own opinion and to give my best advice to my friends.

I want to say to you, mom, I love you and you'll always be my best friend.

I love you,

I came to Glenwood in 1985, and I thought it was pretty bizarre. It took some time getting used to, but now it's pretty cool. All the teachers influenced my life greatly in one way or another. The teachers here aren't just teachers they're friends, and they really care too. I want to thank all my friends for always being there, and all the *good times* we've had together, also the rough times. I also want to thank my mom, even though I don't show it all the time, I really do love her. Thank you mom and dad, for letting me come to Glenwood. Life's just a big game everyone's playing, but I'm gonna try my hardest to win and I hope all of my friends at Glenwood win the game too.

Good luck to everyone, because ya'll deserve it. Well, everyone except Bryan Brown. Just kidding, I just wanted to end it with a smile. WOW!

P.S. — Adam Gerety — I don't know if I got it yet, but I'm trying my best.

For the first part of the year Angela was the senior with the longest commute to school! But we're glad you joined us for your senior year, Angela. I've been at Glenwood for 3 years, but if you count up all my absences it would probably add up to only a year or so. When I first came to Glenwood the campus blew my mind. It was unreal. Public school was so different, but Glenwood was so much better. I've learned a lot while I've been at Glenwood. I've learned about not just academic subjects, but friendship, closeness, and relationships. I want to thank all the teachers for their patience and helping with me these last 3 years, especially Mrs. Hoffman. I wouldn't have made it this far if it wasn't for her. I also want to say 'sorry' to Mrs. McCardle for all the headaches I've given her! I want to thank my mom and dad for all the late nights they stayed with me and for the mornings I'd wake up with some sort of problem or pain and let me stay home, as they clenched their teeth and said "ok just go back to sleep."

Also some thanks to special friends —

I want to say thanks to some people who have made a difference in my life: Kennith Allen, Kristi Alexander, Herbie Kuter, Steve Lapensohn, Bryan Brown, and Kandi Alexander.

Seven years is a long time, especially seven years at Glenwood, but I would like to thank all the teachers who put up with me all that time. (Mr. Brigham, Mr. Lowen, Mr. Martin, Ms. Boyd, Dr. Shull, Mrs. Craig, Mrs. Pauloo, and Mrs. Hoffman) (Mr. Smith and Ms. Delavan who really did not have to put up with much).

My sincerest thanks,
Andrew

To all my friends that can't go home and face their parents, I leave a place to sleep!

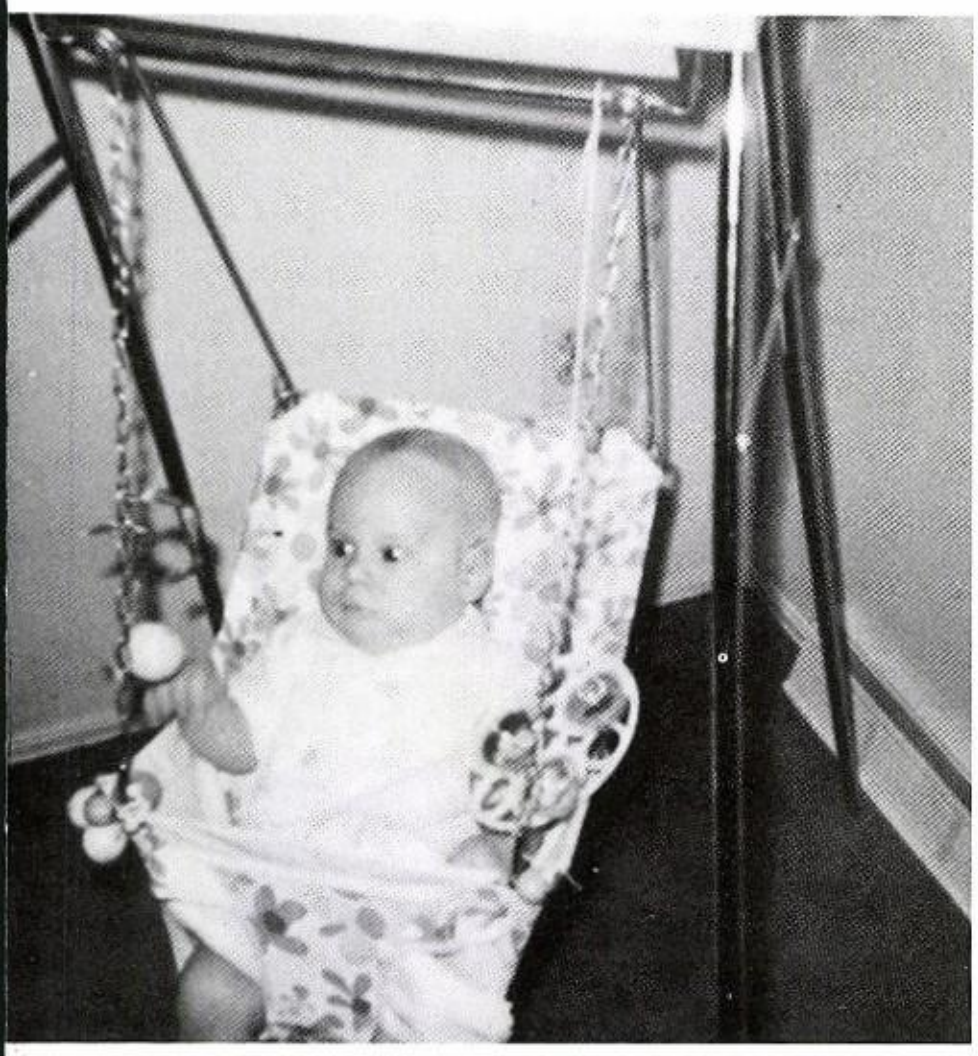
Top Ten Pieces of Advice

1. Question Authority.
2. Do not know how many people are in Earth, Wind and Fire.
3. Act like your teachers are smart; they like that.
4. Do not pronounce liposuction, lip-oh-suc-tion.
5. Chew with your mouth closed; you get more food.
6. Do not lose hope that someday there will be a realistic toupee.
7. If Mike Lytle begins to take off his clothes; just ignore him.
8. Do not bother to say the book was better than the movie.
9. Ask why we have wars; liberals like that.
10. You can pick your nose. Your friends can pick their noses. But you cannot pick your friends' noses.



"My first supernatural feat."

Philip Portwood

Among our memories of Philip will live our recollection of him in 1987-88 as the most spirited student driver who braved the ice storm to get to school on Wednesday, January 6, thereby wrecking his beloved, handbuilt truck in the process. It was truly a sacrifice beyond the call of duty.

David Stillman

It is time to say good-bye to Ms. McCardle, Mrs. Hunter, and Mrs. Dauphin whom I have known for so many years.

I leave Mr. Brigham my environmental science folder with all of the highlighted packets in it. I leave Mr. Smith more strange topics for stories in future humanities classes. I leave Ms. DeLavan high scores on S.A.T.'s for all future students. Finally, I leave the Glenwood School muddy parking lots and buildings to the Park Academy. Maybe they will have as much fun over the years as I did.

Lisa Rains

Student Council 12, (President), Dance Company 9, 10, 11, 12

My name is Lisa Rains and I'm a newcomer to Glenwood this year, but I have enjoyed it so very much. Being elected president of student council has given me the chance to give back to the school and the student body, my appreciation for a wonderful year. I hope I've made this a better year for everyone.

Thanks to my friends and the staff at Glenwood for making this a special year for me, one I'll always remember!!!

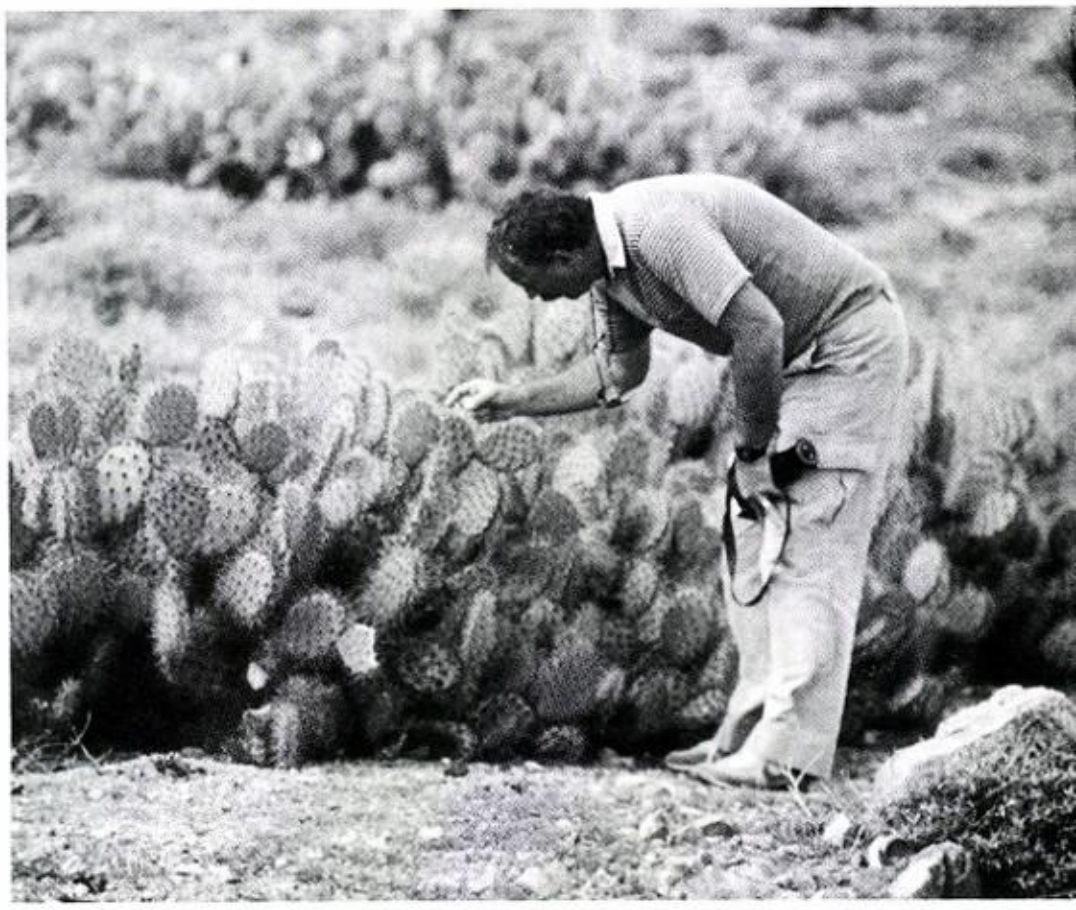
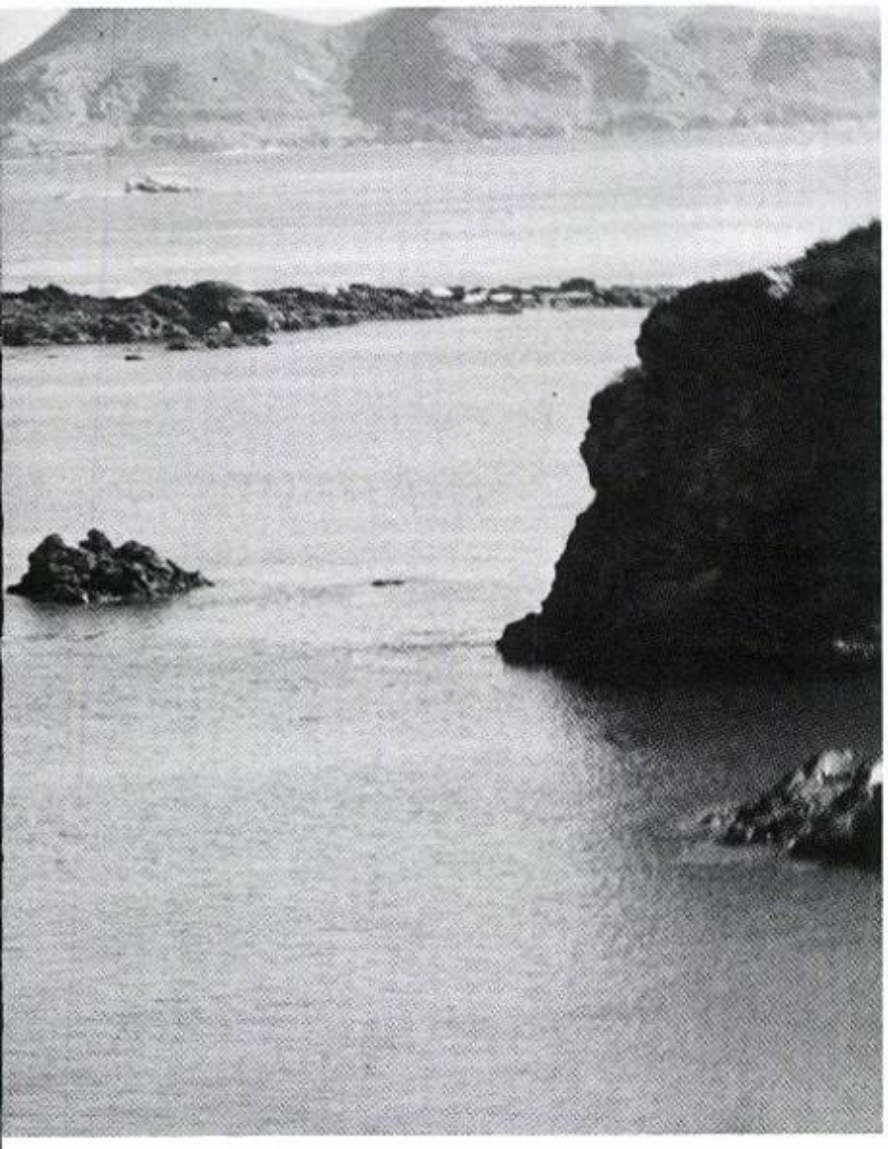
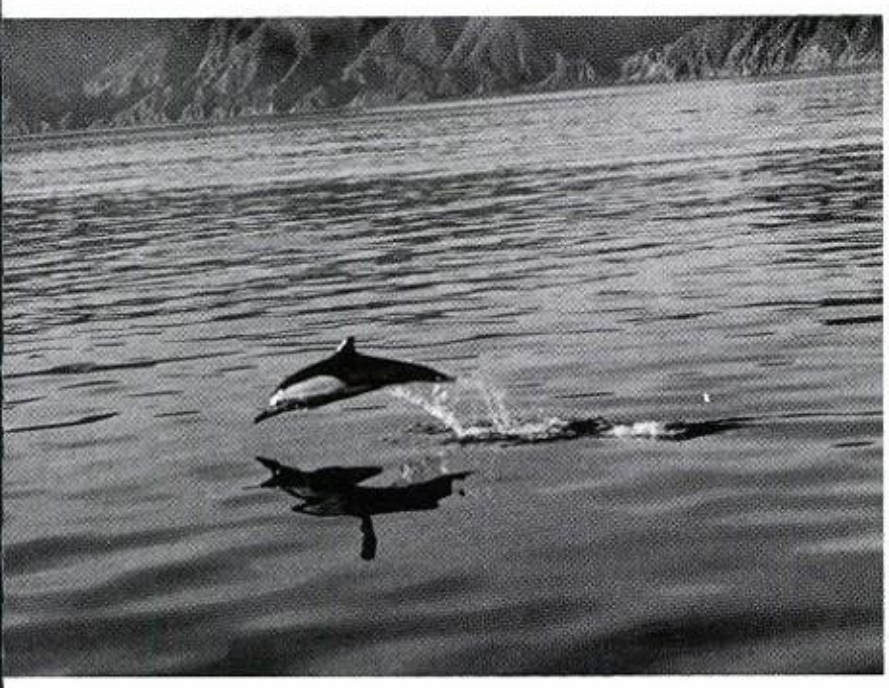
"BAJA '88"







On January 23, 1988, The Glenwood School marine science and environmental science classes took a field trip to Baja, Mexico. The students traveled on a 90-foot boat, "The Spirit of Adventure" to uninhabited islands down on the coast of Baja. The students went to islands such as San Martin, San Benitos, and Cedros Island. They got to watch the California gray whales in their natural habitat. Also, the students watched the harbor seals, elephant seals and sea-lions along the shores of the islands and they were able to identify many species on the shores with the help of the head naturalist, Dr. Theodore Walker and his wife, Betty. Thanks to Mr. Tony "take a picture" Brigham who made this wonderful trip possible for the following people: Mrs. Becky "let's fish" Brigham, Kristi "I want a hot shower" Alexander, Kandi "Rock Rules" Alexander, Steve "Acey Ducey Tricey Licey" Lapensohn, Cash "do you know any pranks?" Wolfson, Sam "take another " Sikora, David "let's party" Stillman, Clint "I want to rock" Housely, Wendy "Ow! My sunburn" Horowitz, Heath "let's climb it" McCrady, Elizabeth "where's my passport?" Schopmeyer, Kenya "the boat's gonna blow up!" McKinney, and Mr. John "look what I found" McCrady, and also thanks to the crew for their continuous hospitality.

The 1987 Varsity soccer team has been very successful this year. The Jaguars improved their record from last year's 3-8-19 to this year's 10-3-1. This performance earned the '87 Jaguars first place in T.A.P.S. District 8. The team then went on to the regional playoffs to beat the St. John Crusaders 3-1.

The T.A.P.S. state championships were held in Waco, with Glenwood losing the first game 3-1. John Foley scored the Jaguars' single goal against Northland Christian of Houston. The team waited for the next game and then played great. At the end of the game it was tied 2-2 with Glenwood and the Awty International School going into double overtime. Finally it ended Jaguars — 3, Lions — 2, with two goals by John Foley and one by Robby Moy.

Because of their great performances, John Foley and Randall Hensley were named to the All Tournament Team.

The season ended with the Jaguars 1st in their district, 1st in their region and 3rd in state.

Founding The Glenwood School was an act of love for Glenn Holmes; her love for children, and her love for education. She also loved music and theatre and with that in mind, these lines from "A Chorus Line" might remind us all once more of our school's founder:

Kiss today good-bye
The sweetness and the sorrow
We did what we had to do
And I can't regret what I did for love
What I did for love

Look, my eyes are dry
The gift was ours to borrow . . .
But I won't forget what I did for love
What I did for love

Gone . . .
Love is never gone
As we travel on
Love's what we'll remember

Kiss today good-bye
And point me t'ward tomorrow
Won't forget
Can't regret
What I did for love
What I did for love

To raise an angel is to know a joy few experience on earth. Our angel has grown into a beautiful young woman, both physically and morally. She is independent and strong, yet listens and tries to understand the advice we give. She is loyal and true to her many friends and her family. Her future is at hand and bright because she is who she is . . . Angel.
